DETAILED ACTION

1. Claims 1, 4-9 and 21 are pending in the application, claims 2, 3 and 10-20 having been canceled by applicant's amendment filed 7/21/08.
2. Applicant's election without traverse of Group I (claims 1, 4-9 and 21) in the reply filed on 7/21/08 is acknowledged.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 4-9 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 is indefinite because it is unclear what is meant by the phrase "wherein the Si-O bonds of the cyclosiloxanes are substantially unrearranged compared to the cyclosiloxane precursors of the network". The Examiner presumes that applicant's reference to "the cyclosiloxanes" means they are referring to the claimed network and if so, it is not understood by the Examiner how the Si-O bond of the cyclosiloxane network are unrearranged when compared to the cyclosiloxane starting material. Particularly, the term, unrearranged, is confusing as it does not convey the relative structural difference between the cyclosiloxane network and starting cyclosiloxane reactant.

Claims 6 and 8 recites the limitation "crosslinking group" in line 2 of each claim. There is insufficient antecedent basis for this limitation in the claim.
